

AEG Wine Cooler

59 Bottles Sizes(W=550 x D=538 x H=1237)

Perfectly stored and served wine

This wine cabinet has two separately controlled sections providing the perfect temperatures for both serving and storing wine in one single appliance.

The perfect humidity for preserving your wine

This wine cabinet has been designed to maintain a dedicated humidity level for your wine, in order to prevent the corks from drying out.

Safe storage for protecting your wines

The glass door of this wine compartment has been coated with a UV filter. As a result, your wines are safely protected from light damage. [Read more](#)

Dual zone electronic temperature controls

180 litre gross fridge capacity

180 litre net fridge capacity

Auto fridge defrost

The refrigerator defrosts itself automatically, saving you the chore of doing it yourself - and it's energy efficient too.

Protect your wine from harmful vibrations

This refrigerator limits harmful vibrations from the compressor that can damage your wine, ensuring that your bottles are stored in the very best condition.

Each bottle stored in the optimum position

With this wine cabinet, you can store all your bottles in the best position – horizontally. Adjustable wooden shelves enable you to find the best arrangement.

Precision cooling system

The precision cooling system distributes cold air throughout the fridge ensuring an even temperature is maintained for perfect cooling on every shelf.

5 Full Width + 1 Half Depth glass shelves

Full width covered dairy compartment

Reversible door

Interchangeable door hinging gives flexibility to have a left or right side opening door.
