

CT 700

PRODUCT SPECIFICATIONS:

- Product Dimensions (mm): (H) 1227 (W) 973 (D) 1928
- Ice Dispenser Dimensions (mm): (H) 1920 (W) 1230 (D) 950
- Boxed Dimensions: TBA
- Ice Dispenser Boxed Dimensions (mm): (H) 1150 (W) 1290 (D) 1035
- Storage Bin: 320kg
- Storage Volume: 700kg
- Ice Making Capacity: 700kg – 24 Hours 29.1kg
- Net Weight: 105kg
- Gross Weight: 125kg
- Climate Class: T
- Protection Class: N/A
- Voltage: 220V/50HZ
- Total Input Power: 2653W
- Rated Current: 12.4 Amps
- Refrigerant: R404A 1300g
- Application: Commercial Use

FEATURES:

- 377 cubes per cycle (25min)
- Ice Full Sensor
- Square Block Ice Size: 28mm x 28mm x 22mm
- ON/OFF Switch
- Plumbed-In Ice Maker
- Stainless Steel Finish

NOTE:

- These units have a gravity fed drain point, thus drain point must be lower than the machine.
- Keep unit well ventilated.
- We strongly recommend that a certified plumber installs this unit.
- Ensure that unit is installed in a well-ventilated environment.
- Maximum ambient temperature of 38°C.
- Clean condenser filter regularly.
